

# GIGAFACTORY: THE FUTURE OF BATTERY MANUFACTURING FORUM 2024

**+20 high profile Speakers & +100 attendees**

8 hours of networking opportunities  
18 hours of collaborative sessions and expert insights  
Drinks reception  
Engaging panel discussions  
Exclusive sponsor booth/display area  
Stunning venue

**DECEMBER 4-5, 2024**  
**Berlin, Germany**

# GIGAFACTORY: THE FUTURE OF BATTERY MANUFACTURING

## SPEAKERS

CHAIRPERSON

**RORY FRANCIS COMISKEY**

PRESIDENT (CEO)

FUSIONIRX

**SERGIO BASCONCILLOS**

PROCESS ENGINEERING  
DIRECTOR

BASQUEVOLT

**JAGDEESH RAGHAVAN**

SENIOR PROJECT  
MANAGER

FARASIS ENERGY

**MADHAN MUGUNDAN**

SENIOR LEAN ME,  
PROJECT MANAGER

BLUEFORS OY

**DHARMESH CHANDRABABU**

OPTIMIZATION ANALYST

RABOT CHARGE

**KONSTANTIN THOM**

MANAGER DEVELOPMENT  
ECO/POP & EV BATTERY  
FOILS

MKS ATOTECH

**MÁRTON PAP**

DIRECTOR

ELEVENES

**PAVEL TSEDOV**

CEO

RESOURCE

**PIERRE GEORGET**

DIRECTOR – BATTERIES,  
MINING AND INDUSTRIES

SOCIETE GENERALE

**WILL ROBERTS**

AUTOMOTIVE RESEARCH  
LEAD

RHO MOTION

**PETER ARNOLD**

CEO & FOUNDER

SALZSTROM

**AARON WADE**

HEAD OF BATTERY COSTS

CRU

**JOHANNES ROESSNER**

CEO

BT ADVISOR UG

**GUILLAUME DE FORTON**

VP EMOBILITY

FREYR BATTERY UK & USA

## SPONSORS

# WHY ATTEND?

**GIGAFACTORY: THE FUTURE OF BATTERY MANUFACTURING**  
**4-5 DECEMBER, BERLIN, DE**

As the demand for electric vehicles, renewable energy storage, and sustainable manufacturing practices surges globally, gigafactories stand at the forefront of this transformative era. This conference aims to unite industry leaders, technological innovators, policymakers, and academia to discuss, share, and shape the future landscape of battery manufacturing.

Hear from visionary leaders and pioneering executives who are shaping the future of the industry, engage with expert-led panels that delve into the latest challenges, opportunities, and trends in gigafactory operations and management. Forge valuable connections with a diverse group of professionals, from startup founders to veteran industry players.

Join us for an immersive two-day journey into the heart of battery manufacturing innovation. Whether you're looking to stay on the cutting edge of technology, seeking to establish partnerships, or exploring the market for new solutions, "Gigafactory: The Future of Battery Manufacturing" is your gateway to the future.

## WHO SHOULD ATTEND

### VPS, HEADS, DIRECTORS OF:

---

Battery Engineers and Chemists  
Electrical Engineers  
Mechanical Engineers  
Industrial Engineers  
Environmental Scientists  
Supply Chain Managers  
Energy Storage Specialists  
Renewable Energy Experts  
Automotive Industry Professionals  
Technical Experts  
Policy Makers  
Government Representatives  
Environmental Advocates  
Economists  
Market Analysts  
Software and AI Professionals

### FROM

---

Automotive Companies  
Battery Manufacturers  
Energy Storage Companies  
Raw Material Suppliers  
Renewable Energy Companies  
Supply Chain and Logistics Companies  
Investment and Financial Firms  
Electronics Manufacturers  
Recycling and Waste Management Companies  
Research Institutions and Universities  
Government Agencies  
Policy Makers

## FOR SPONSORS

Meeting with key decision-makers and qualified buyers during our exclusive conference offers a great return on your investment. We provide a range of sponsorship options that can enhance your chances of developing new relationships during our events.

Our sponsorship team can collaborate with you to create an innovative sponsorship package tailored precisely to your needs and those of your company, all while staying within your budget and maximising your value.

Interested in viewing our sponsorship packages?

Please contact [info@amistatgroup.com](mailto:info@amistatgroup.com) for more information.

08:00 - 08:45 CET Registration and Morning Coffee

08:45 - 09:00 CET Chairperson's Opening Remarks

9:00 - 9:30 CET Government Policies and Gigafactories: How legislation is shaping the future of battery manufacturing.

- Analysis of subsidies and tax incentives designed to promote gigafactory investments.
- Impact of government regulations on battery manufacturing standards and environmental compliance.
- Influence of international trade policies on the location and operation of gigafactories.

TBA  
TBA  
TBA

09:35 - 10:05 CET "The Smart Manufacturing Initiative" Digital Transition, Constraints & Solutions

- Affordability and Mass Adoption
- Sustainability and Environmental Impact
- Improved Performance and Safety

Rory Francis Comiskey  
President (CEO)  
FUSIONIRX

10:05 - 10:35 CET Networking & Refreshment Break

10:35 - 11:05 CET Corrosion Management in and around Lithium-Ion Batteries for Electric Vehicles

- Ensuring right quality of copper current collector and lead tabs
- Choosing the right surface treatment for battery housings
- Mixing materials – connectors and fastener fulfilling various requirements

Konstantin Thom  
Development Manager DECO/POP & EV Battery foils  
MKS ATOTECH

11:10-11:40 CET Sodium-ion batteries on the gigawatt-hour scale: A dream or reality?

- Types of sodium-ion batteries
- Latest developments in sodium-ion batteries
- Global sodium-ion production capacities and (planned) gigafactories

Peter Arnold  
CEO & Founder  
SALZSTROM

11:45-12:15 CET Gel Polymer Solid State Battery: Affordable and Sustainable Solution For Democratizing Electric Mobility

- Gel Solid State technology: the solution for democratization of EV technology.
- Gel electrolyte technology: fast track to solid state industrialization succes
- Retrofitting standard Li-ion Gigafactory into Gel Solid State technology.

Sergio Basconillos  
Process Engineering Director  
BASQUEVOLT

12:30 - 13:30 CET Networking & Lunch Break

13:30-14:00 CET Enabling critical minerals due diligence compliance for European EV OEMs

- The EU Battery Regulation requires more transparency in the battery supply chain.
- EV OEMs are responsible for ensuring proper due diligence of their supply chain.
- New rules mean OEMs need a new way to interact with all their direct and indirect suppliers in the battery supply chain.
- Technology can enable due diligence compliance and enhance the sustainability of the battery supply chain..

Pavel Tsedenov  
CEO

RESOURCE

14:05-14:35 CET Battery Recycling Technologies: New methods for reclaiming and reusing battery materials.

- Innovations in mechanical and hydrometallurgical recycling processes.
- Development of closed-loop systems to recover and reuse critical materials.
- Breakthroughs in direct recycling techniques to retain the original properties of battery materials.

TBA  
OPEN FOR SPONSORS

14:35 - 15:05 CET Networking & Refreshment Break

15:05-15:35 CET The Future of EVs: Smart Charging Solutions for Grid Optimization

- What is EV Smart Charging?
- Potential of EV Smart Charging
- The Evolving Role of EVs: how electric vehicles are transforming from mere mobility solutions to integral energy storage devices.
- V2H & V2G Opportunities

Dharmesh Chandrababu  
Optimization Analyst  
RABOT CHARGE

15:40-16:10 CET Automation in Gigafactories: Robotics and AI's role in enhancing production efficiency.

- Integration of advanced robotics to streamline battery cell assembly processes.
- Use of AI and machine learning for predictive maintenance and process optimization.
- Implementation of automated quality control systems to ensure product consistency.
- Adoption of smart logistics solutions for efficient materials handling and inventory management.

TBA  
OPEN FOR SPONSORS

16:15-16:45 CET Emerging Markets in Battery Production: Identifying and investing in the next big markets.

- Identification of high-growth regions for battery manufacturing and market expansion.
- Analysis of consumer trends and government initiatives driving battery demand in emerging markets.
- Assessment of the competitive landscape and local supply chain capabilities in new markets.

TBA  
OPEN FOR SPONSORS

16:50 - 17:20 CET Panel Discussion: What are the current challenges and future opportunities in battery recycling, and how can gigafactories incorporate circular economy principles?

17:20 - 17:30 CET End of Day One – Closing word from the Chair

17:30-19:30 CET  
DRINKS RECEPTION: RESERVED FOR SPONSOR

08:00 - 08:45 CET Registration and Morning Coffee

08:45 - 09:00 CET Chairperson's Opening Remarks

09:00 - 09:30 CET Battery Safety Standards: Developing and implementing safety protocol for manufacturing and usage.

- Establishment of international safety standards for the manufacture, transport, and disposal of batteries.
- Development of robust testing procedures for thermal stability, electrical safety, and risk of failure.
- Regular audits and updates to safety protocol to adapt to new technologies and finding from incident reports.

TBA

TBA

TBA

09:35 - 10:05 CET Innovative Battery Formats: Exploring new shapes, sizes, and applications for batteries.

- Design of structural batteries
- Customization of battery shapes to maximize space efficiency in various electronic devices
- Development of stretchable and bendable batteries

TBA

TBA

TBA

10:05 - 10:35 CET Networking & Refreshment Break

10:35-11:05 CET EV Battery Demand and Gigafactory Capacity Outlook

- Global EV demand and expectations for the coming years
- Key diverging trends in major markets impacting choices for gigafactories
- New gigafactory developments, progress and problems

**Will Roberts**

Automotive Research Lead  
**RHO MOTION**

11:10-11:40 CET LFP Battery solutions from FREYR to meet the growing demand in the Electric Mobility Market.

- Why is LFP a suitable technology for this market?
- Meet the ever-changing requirements from OEMs
- Sustainable battery cells and localised production are key elements for the future

**Guillaume de Forton**

VP eMobility  
**FREYR Battery UK & USA**

11:45-12:15 CET Latest trends in Battery Energy Storage technologies – Can Europe keep up with Asia?

- Latest technologies in Asia
- European landscape
- Future for European ESS companies and cell makers

**Márton Pap**

Director  
**ELEVENES**

12:30 - 13:30 CET Networking & Lunch Break

13:30-14:00 CET Lean Methodology in New projects (EV)

- Lean Methodology in EV project schedule
- Key milestones to be followed for new EV project from concept preparation to SOP
- Lesson learned topic
- Sotenken principles trial stage (Best practice)

**Madhan Mugundan**

Senior Lean ME, Project Manager  
**BLUEFORS OY**

14:05-14:35 CET Validation of batteries – before production, during production and after production

- Overview of testing areas
- Key battery parameters
- Specific aspects for testing during production / end of line
- Requirements for battery quality

**Johannes Roessner**

CEO  
**BT Advisor UG**

14:35 - 15:05 CET Networking & Refreshment Break

15:05-15:35 CET Financing and Gigafactory

- Key success factors to finance a gigafactory
- Process, trends and challenges linked to the funding of a gigafactory project

**Pierre Georget**

Director – Batteries, Mining and Industries  
**Societe Generale London**

15:40-16:10 CET Global Supply Chains for Battery Production: Navigating international logistics and trade policies.

- Strategic alliances and partnerships
- Adaptation to changing trade policies and tariffs that affect material costs and availability.
- Investment in localized production facilities to serve regional markets

TBA

TBA

TBA

16:15 - 16:45 CET The Future Of Battery Costs As Determined By Technology, Raw Materials, Location, And Policy

- How technology innovations (LMFP, Si-doped anodes) decrease production cost and increase cell performance
- Impact of battery raw material price volatility on cell production costs
- Impact of local policies on cell production costs

**Aaron Wade**

Head of Battery Costs  
**CRU**

16:50 - 17:20 CET Panel Discussion: How do global trends in electric vehicle adoption and renewable energy storage affect the demand and design of future gigafactories

17:20 - 17:30 CET End of Day Two – Closing word from the Chair

# ABOUT AMISTAT GROUP

Amistat Group is a leading business to business conference organizer. At Amistat Group, we are passionate about organizing industry-tailored conferences covering enormously wide range of topics. Our innovation, creativity and professionalism provide unique and world class experiences for our highly valued clients. Working across a range of sectors including Automotive, Machinery, Life Sciences, Pharmaceutical, Finance and Security featuring hand selected heads of industries as speakers from leading organizations.

At Amistat Group, we provide our delegates the tools, knowledge and experiences to overcome the demands affecting their sectors. We endeavor to build an informative networking environment that welcomes the challenges of the ever-changing world around us to evolve and succeed.

We are competent in connecting end users with solution providers to generate new business and make valuable connections while confronting significant industry issues in a professional environment through our carefully constructed topic focused agendas. We take pride in our work, therefore, with our years of experience, qualified staff, excellent coordination and planning skills, we guarantee you 100% satisfaction.

We take pride in our intensive know how and our events success formula which happens to be inspiring other to imitate it over the years, but our approach is unique, original and, the original stays clear.

## AMISTAT GROUP Hybrid Events

In-Person and Online participation:

- Connect one-on-one via live video, exchange virtual business cards for future follow-ups.
- Participate in breakout sessions and group activities.
- Watch keynote presentations on stage, engage through chat messages, participate in polls, and explore interactive expo areas.

Experience the ultimate hybrid event with us!

## What they say about our events?

*"Great lineup of speakers, excellent content, and fantastic interaction."*

**Stefano Butti**  
Business - Commercial Directo  
FPS Pharmer

*"The conference was a resounding success, highly interactive, impressive, and well-attended. The organization and execution of the event were exceptionally impactful."*

**Tim Golden**  
Director Aseptics  
Abbvie

*"It was fantastic to see such a diverse range of presentations covering all aspects of operational excellence. We'll definitely be back next year with a bigger team."*

**Aivar Künnapuu**  
VP YPS, Operational Excellence  
Yara International ASA

*"I have attended many conferences for electrification, I must say that the 2020 version was the best so far" –*

**Andre Almeida**  
R&D Engineer  
Hyundai CE

Watch videos of our past events and follow us on social media.

## Previous Attending Companies

Some of the attendee companies:

19-20 MARCH 2025 | Berlin, Germany + Online  
**CUSTOMER EXPERIENCE AND DIGITAL ENGAGEMENT LEADERS FORUM 2025**

In today's dynamic business landscape, customer experience has emerged as a key differentiator across all industries. It's no longer just about the products or services a company offers, but about the entire journey a customer takes with a company, from initial awareness and discovery, through the purchase process, to post-purchase support and beyond. On this conference, we'll explore the latest strategies, technologies and best practices in customer experience and digital engagement, and learn how we can leverage them to create lasting relationships with our customers and drive business growth. We look forward to a fruitful discussion and exchange of ideas.

Our keynote speakers can discuss the latest trends in customer experience and digital engagement, and how these trends are shaping the future of various industries and can share successful case studies from their own organizations, giving attendees insight into effective strategies and tactics. We will also have interactive sessions, panel discussions, and networking opportunities for attendees to connect.

DECEMBER 04 - 05, 2024 | Berlin, Germany + Online  
**FOURTH ANNUAL HIGHLY POTENT ACTIVE PHARMACEUTICAL INGREDIENTS FORUM**

We invite you to take a part in the 4th ANNUAL HIGHLY POTENT ACTIVE PHARMACEUTICAL INGREDIENTS FORUM 2024, which will be held on the 04th and 05th of December in Berlin, 2024. Join us to reveal the latest developments in this increasingly potent environment, that made HPAPI become one of the most important growth drivers for pharmaceutical and biotechnology companies. As a result of advances in biological products and therapies, the market for highly potent active pharmaceutical ingredients (HPAPIs) has shown significant growth in recent years. And as demand for HPAPIs keeps rising, so does the need for expanded manufacturing capabilities and appropriate safety procedures and equipment to protect personnel and sites from the challenges highly potent compounds could bring.

This event will address the biggest challenges the industry is facing: from current conditions in the Occupational Toxicology like regulatory landscape, determining toxicology limits and assessing hazards for making your workplace safer; CMC Development, technology transfer, current and emerging technologies in the design of facilities for HPAPI manufacturing and containment, effective management, sustainability and green chemistry, mitigating contamination risks to advancing partnerships in outsourcing and digitalization and automation in HPAPI.

Be a part of the senior-level professional Forum where the key industry leaders share their solutions to the opportunities and challenges.

2-3 APRIL, 2025 | Brussels, Belgium + Online  
**INTERNATIONAL CORPORATE & INDIRECT TAX 2025**

Attending the International Conference on Corporate Taxes 2025 is an unparalleled opportunity for professionals to deepen their understanding and stay ahead in the dynamic field of corporate taxation. This conference is set to gather distinguished speakers, including leading tax experts, government officials, and influential policymakers, who will provide valuable insights into the latest legislative changes, compliance requirements, and global trends impacting corporate taxes. Beyond the formal sessions, the conference offers a rich environment for networking.

Moreover, participating in this conference demonstrates a commitment to professional development and continuous learning, which is highly regarded in the field of taxation. In summary, attending the International Conference on Corporate Taxes 2025 is an investment in your professional future. It equips you with the latest knowledge, provides a platform for meaningful networking, and enhances your capacity to navigate the complexities of corporate taxation effectively.

14-15 MAY, 2025 | Amsterdam, Netherlands + Online  
**8TH ANNUAL CLIENT ONBOARDING DIRECTORS FORUM FOR BANKS AND FINANCIAL INSTITUTIONS 2025**

Client Onboarding is a complex and multi-faceted process, and banks face a range of challenges in ensuring that it is executed efficiently and effectively. In today's fast-paced and rapidly-evolving banking environment, the need for a streamlined and optimized client onboarding process is more critical than ever before. One of the key challenges that banks face in client onboarding is regulatory compliance. With a constantly changing regulatory landscape, banks must stay up-to-date with the latest regulations and guidelines in order to remain compliant. This requires significant resources and expertise, and failure to comply can result in hefty fines and reputational damage.

This conference will address these and other challenges, and provide attendees with practical insights and strategies for optimizing the client onboarding process. Through keynote speeches, interactive sessions, and networking opportunities, attendees will gain a deeper understanding of the latest trends and best practices in client onboarding, and learn from the experiences of industry experts and practitioners.

## GIGAFACTORY: THE FUTURE OF BATTERY MANUFACTURING 2024 DECEMBER 4-5 | BERLIN, DE

### REGISTRATION PACKAGES

ONLINE DELEGATE - 2 Day Virtual Conference	€2299
END USER DELEGATE - 2 Day Physical Conference	€2499
VENDOR DELEGATE - 2 Day Physical Conference	€2999
DOCUMENTATION PACKAGE	€999

### DISCOUNTS

Book and pay by August 13th 2024, 30% off  
Book and pay by September 13th 2024 25% off  
Book and pay by October 13th 2024 20% off

### PAYMENT PREFERENCE

**INVOICE**  
(For Bank Transfer)

**CARD PAYMENT**  
(Only Visa or Mastercard Accepted)

### SPECIAL OFFER

GROUP DISCOUNT (END USER ONLY) 40%  
FOR 3 OR 4 PARTICIPANTS, 50% FOR 5 OR  
MORE PARTICIPANTS

All prices are subject to VAT. The end-user and vendor passes include access to all presentations for the two days, including Q&A sessions, polls, surveys, panel discussions, group chats, lunches, coffee breaks, and a documentation package.

### DELEGATE DETAILS

Please fill in the required information on this form and send it back to us.  
If you have not received an acknowledgment/confirmation for your registration or query within 24 hours, or if you have any questions at all, please send an email to [info@amistatgroup.com](mailto:info@amistatgroup.com) or call +420 216 216 676 to confirm your booking.

By signing this document, you agree that your information will be shared with conference attendees only for networking purposes.

Additionally, by signing this document, you consent to the use of your information by the conference organizers for processing your registration. As part of the registration process, your email will be processed on a third-party events management platform. No other third party will have access to these details except for processing your registration in line with GDPR regulations. If you have any questions, please contact us at [info@amistatgroup.com](mailto:info@amistatgroup.com).

## TERMS AND CONDITIONS

By sending this form, I confirm that I have read and accepted the terms and conditions detailed below.

#### Payment Terms:

Complete payment, covering lunches, refreshments, and conference materials, must be made within five (5) business days from the registration date. Please note that full payment needs to be received before the conference date. Failure to do so may result in Amistat Group rejecting the attendee's participation.

#### Substitution, Cancellation, and Postponement Policy:

Notifications of substitutions, cancellations, or changes in attendance must be made in writing (email or formal letter) to Amistat Group. Substitute delegates are welcome with five (5) business days' notice and without additional charges. Once the registration form has been received by Amistat Group, all registrations carry a 50% cancellation liability. If a client is unable to attend the conference and provides written notice of cancellation not less than ten (10) days prior to the conference date, the client will receive an 80% credit note that is valid for one year and can be used at any other event held by Amistat Group within that time frame. Amistat Group will inform the client of upcoming events, and 20% of the registration fees will be retained as a registration processing charge. Regardless of attendance status, the client will still receive the conference documentation package.

#### Copyright:

Amistat Group expressly reserves all Intellectual Property rights in all materials created or distributed in connection with this event. Unauthorized duplication, publication, distribution, or use of any trademarks, registered designs, inventions, or know-how provided by Amistat Group is strictly prohibited and will be subject to the laws of the Czech Republic and the EU.

#### Data Privacy and Protection:

By completing the registration form, the customer acknowledges that the provided data is accurate and agrees that it will be treated as highly confidential, kept, and used solely by Amistat Group. Amistat Group is obligated not to publish, distribute, sell, or make this information available to any other parties. Amistat Group assures the protection of personal data in compliance with applicable laws. Registration for our events indicates your consent to receive information about future events and relevant content within your field of interest. We will only send pertinent information by email or phone. To subscribe or for more information about how we use your data, your rights, and our privacy policy, please email us at [info@amistatgroup.com](mailto:info@amistatgroup.com).

#### Videography and Photography Notice:

Please be advised that the registration form will be videographed and photographed for promotional and documentation purposes. If you have concerns about your privacy or wish to discuss any specific arrangements regarding your image or likeness, kindly contact us via email at [info@amistatgroup.com](mailto:info@amistatgroup.com). We are committed to addressing individual privacy preferences and ensuring a positive event experience for all attendees. By attending our event, attendees acknowledge and accept the possibility of such changes.

#### Liability Limitation:

Amistat Group shall not be held liable for any direct, indirect, incidental, special, or consequential damages arising from the attendance or participation in the event, including but not limited to any loss, theft, damage, or injury to property or persons, regardless of whether such claims are based on contract, tort, warranty, or any other legal theory. Attendees are responsible for their belongings, and Amistat Group is not liable for any loss or damage to personal property during the event.

#### Force Majeure:

Amistat Group shall not be liable for any failure or delay in performing its obligations under these terms and conditions if such failure or delay is due to circumstances beyond its reasonable control, including but not limited to acts of God, natural disasters, war, civil unrest, terrorism, strikes, epidemics, governmental regulations, or any other emergency beyond its control. In such cases, Amistat Group shall have the right to modify, postpone, or cancel the event without liability. In the event that an attendee is required to change their attendance option from in-person/hybrid delegate to a virtual delegate due to reasons such as epidemic restrictions or force majeure events, Amistat Group will facilitate a seamless transition and provide access to the virtual event experience, ensuring that attendees can participate fully regardless of the change in format. Additionally, attendees will receive the price difference as a voucher, valid for 12 months, which can be utilized for future events hosted by Amistat Group, offering them the opportunity to attend upcoming events using the voucher.

#### Event Modifications:

Amistat Group reserves the right to make modifications to the event schedule, agenda, speakers, venue, or any other aspect of the event as deemed necessary. While every effort will be made to avoid inconvenience to attendees, Amistat Group holds the authority to implement such changes without liability and without prior notice.

#### Code of Conduct:

Attendees are expected to conduct themselves professionally and respectfully during the event. Amistat Group reserves the right to remove any attendee from the event without refund, at its sole discretion, if their behavior is deemed disruptive, inappropriate, or in violation of the event's code of conduct.

#### Photography and Recording:

Photography, audio recording, and video recording by attendees during the event are permitted only for personal, non-commercial use. Any professional or commercial use of event photography, audio, or video recordings without prior written consent from Amistat Group is strictly prohibited.

#### Governing Law:

These terms and conditions shall be governed by and construed in accordance with the laws of the Czech Republic and the EU. Any disputes arising under or in connection with these terms and conditions shall be subject to the exclusive jurisdiction of the courts of Prague, Czech Republic.

#### Disclaimer:

The event details, including speakers, topics, and schedule, are subject to change without notice. Amistat Group reserves the right to make necessary adjustments to the event program, including substitutions or cancellations of scheduled speakers and topics, as well as modifications to the event agenda and website. While we strive to provide accurate and up-to-date information, unforeseen circumstances or events beyond our control may necessitate these changes. Participants are encouraged to regularly check the event website for the latest updates and announcements. Amistat Group shall not be held liable for any inconvenience, expenses, or damages incurred by participants due to changes in the event program. By participating in our event, attendees acknowledge and accept the possibility of such changes.
